How healthy is your pet?

They can't tell you so why not check?

Our PET MOT gives a great insight into your pet's health. It gives you peace of mind that they are in tip top shape. If anything abnormal does show up it gives us the best opportunity to identify it early and treat the problem. Preventative health care does not have to be expensive.

The normal price of our healthy pet profile is £150.00 however...

We now offer this at a massive
50% reduction at **ONLY £75**

Our trained nurses undertake the testing which includes;

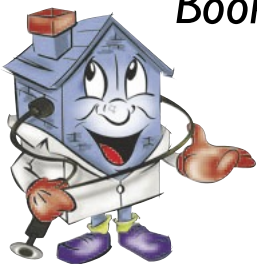

General health bloods

Blood Pressure check

Urine testing

One of our veterinary surgeons will contact you to discuss the results - usually within 2 working days
